TECHNICAL SKILLS

Java	MongoDB
Spring Boot	Spring
JavaScript	Framework
Angular	Hibernate
HTML	OOPS Concepts
CSS	TypeScript
MySQL	

COMPETENCIES

Team work & Collaboration
Decision Making
Statistical Analysis
Great Communication
Project Management
Continuous Learning

EDUCATION

B. Tech. Engineering | Aug 2021
Vishwakarma Institute of Information Technology, Pune

Diploma | July 2018
Cusrow Wadia Institute of Technology, Pune

SSC | July 2015
Shri Bhairavnath Vidyalay, Nimbavi

EXPERIENCE

MEDIMAZE SOLUTIONS PVT LTD | April 2023 - Present
Java Full-Stack Developer
Esahaj - Hospital Management Information System (HMIS)

- Currently contributing expertise to the development of Esahaj, focusing on an HMIS web software. implementing HMIS for a large hospital network, including patient management, appointment scheduling, and clinical support modules.
- Proficient in the development of APIs using Spring Boot, ensuring robust and efficient backend functionality.
- Demonstrated proficiency in database management using MySQL and Mongo DB software ensuring optimal performance and data integrity.
- Applied expertise in Angular for the frontend, contributing to the creation of a seamless and user-friendly interface.
- Implemented the HMIS project using Agile Methodology, ensuring iterative development cycles, frequent feedback loops, and adaptability to evolving requirements, resulting in timely delivery and stakeholder satisfaction.
- Integrated Angular Material UI, Bootstrap, and Prime NG for enhanced aesthetics and functionality.
- Developed and maintained Java applications using Spring Framework.
- Collaborated with cross-functional teams to design and implement new features.
- Resolved complex technical issues and optimized code for performance improvements.
- Familiarity with build tools such as Maven, and Gradle.
- Experience with version control systems (e.g., Git).
- Extensive experience in Web Application Development and integration.
- Excellent problem-solving skills and attention to detail.
- Strong communication and collaboration skills.

PEOPLESTRONG TECHNOLOGY PVT. LTD.
- Database Management: Managed and maintained candidate databases, ensuring accurate and up-to-date records.
- Data Analysis: Analyzed recruitment data to identify trends and improve the efficiency of the hiring process, utilizing tools like Excel, SQL, or other data analysis software.
